

Introducing a New **CWLA Membership Opportunity for Smaller Organizations**

Recognizing the importance of including all voices in making children and families a national priority, CWLA has created a new level of membership especially designed to meet the needs of organizations with smaller budgets.

Organizations that provide direct services to children and families with budgets of less than \$500,000 now have the opportunity to join CWLA for only \$1,000 per year.

Membership connects you to a national network of professionals and resources. You will enhance your ability to fulfill your mission and shape the future of the child welfare field.
