THE RELIAS PLATFORM ALLOWS YOU TO DELIVER, TRACK, AND REPORT ON TRAINING FROM A SINGLE ONLINE SYSTEM. ADDITIONAL FEATURES WITHIN THE PLATFORM INCLUDE:

Relias Learner App
Keep learners engaged and completion rates high with the convenience of taking courses anywhere, anytime.

Training Plans
Build and deploy recurring and non-recurring training plans to onboard staff and maintain training compliance.

Live Events
Track and report on live classroom sessions and other remote training.

Requirements Tracker
Easily and efficiently track non-training requirements, such as training certifications, professional licenses, etc.

License and Certification Tracking
Admins and learners can track continuing education requirements and be reminded to renew licenses.

Brainsparks®
Improve knowledge retention with follow-up questions delivered at defined intervals.

ADDITIONAL TOOLS AND SERVICES AVAILABLE ON THE PLATFORM

Policies & Procedures
Upload, assign, review, and report on your organization's P&P to keep employees current.

Competency Evaluations
Evaluate your staff's skills and abilities at the point of care with this digital, mobile-optimized solution.

Skills Checklists
Use pre-loaded skills inventories to measure competencies pre- and post-hire to demonstrate skillset.

Relias Assessments
Improve hiring, onboarding, and competency development with behavioral and clinical assessments.

Virtual Classroom
Hold live training and employee onboarding sessions for your distributed workforce. Includes presentation sharing, digital whiteboard, virtual breakout rooms, and more.

Course Creator
Build your own content faster with an easy step-by-step process that incorporates the best e-learning practices and adult learning principles.
